Remote Access成功设置

The screenshot displays the ScienceDirect website interface. At the top left is the ScienceDirect logo. To the right are navigation links for 'Journals' and 'Books'. A user profile box is highlighted with a red border, containing the name 'Linyin Yan' and a person icon. Below the navigation is a historical map of the Broad Street cholera outbreak from 1854, with a search overlay. The search overlay includes the text 'Explore scientific, technical, and medical research on ScienceDirect' and 'Search for peer-reviewed journals, articles, book chapters and open access content.' It features several search input fields: 'Keywords', 'Author name', 'Journal/book title', 'Volume', 'Issue', and 'Page', followed by a green search button. A link for 'Advanced search' is also present. At the bottom left of the map, there is a caption: '1854 - Broad Street cholera outbreak map by John Snow. An early example of data visualization and a breakthrough for the science of epidemiology.' A 'Feedback' button is located at the bottom right of the map area.
